### Handcrafted in Small Batches

In 1996, certified chef Wolf Thomas opened up Canada's first kettle cooking facility for pets. Using fine cooking techniques along with regionally sourced natural ingredients, Kettle Craft has created dog treats that deliver a nourishing and unsurpassed tasting experience that your dog will find simply irresistible.

**Ingredients:** Fresh Ground Pork Liver, Ground Steel Cut Oats, Smoked Canadian Bacon, Blueberries, Pork Fat, Oat Bran, Dried Honey, Vegetable Glycerin, Organic Chick Pea Flour, Potato Starch, Ground Mustard Seed, Canada Meat, Carrots, Pumpkin, Acai Berries, Parsley, Ground Flax Seed (a source of Omega 3 & 6's), Sea Salt, Turmeric, Natural Hickory Smoke, Bisulfate of Soda (a Natural Acidifier), Organic Rosemary, Calcium Ascorbate (a Natural Source of Vitamin C), Mixed Tocopherols (a Natural Preservative), Sorbic Acid (a Natural Preservative).

#### Guaranteed Analysis

Crude protein	18% min.
Crude fat	9% min.
Crude fiber	2% max.
Moisture	26% max.
Ash	3% max.
Magnesium	0.014% max.

#### Calorie Content (Calculated)

ME (calculated) ... 2795 kcal/kg (approx. 7.5 kcal/treat)

Intended as a snack or treat

### Fait à la main en petits lots

En 1996, le chef certifié Wolf Thomas a ouvert la première installation d'aliments cuits à la marmite pour animaux au Canada. En se servant de techniques de cuisson prouvées et d'ingrédients naturels régionaux, Kettle Craft a créé des collations pour chiens nourrissantes et de goût sans pareil que votre chien trouvera simplement irrésistibles.

**Ingédients:** Foie de porc frais haché, avoine épointée moulue, bacon canadien fumé, bleuets, gras de porc, son d'avoine, miel séché, glycérine végétale, farine de pois chiches biologique, féculé de pomme de terre, graines de moutarde moulues, farine de canola, carottes, citrouille, baies d'acai, persil, graines de lin moulues (une source d'oméga 3 et 6), sel de mer, curcuma, fumée naturelle de hickory, bisulfate de soda (un acidifiant naturel), romarin biologique, ascorbate de calcium (une source naturelle de vitamine C), tocophérols mélangés (un agent de conservation naturel), acide sorbique (un agent de conservation naturel)
